Localization

String Translation

Localization

String Translation

To get simple localized string:

```
func NSLocalizedString(key : String
                      tableName: String? = "Localizable",
                      bundle: NSBundle = NSBundle.mainBundle(),
                      value: String = "",
                      comment: String) -> String
```

Localization

String Translation

To get simple localized string:

```
func NSLocalizedString(key : String
                      tableName: String? = "Localizable",
                      bundle: NSBundle = NSBundle.mainBundle(),
                      value: String = "",
                      comment: String) -> String
```

To get localized formatted string:

```
String.localizedStringWithFormat(format: NSString, args: CVarArgType...)
```

Localization

String Translation

To get simple localized string:

```
func NSLocalizedString(key : String
                      tableName: String? = "Localizable",
                      bundle: NSBundle = NSBundle.mainBundle(),
                      value: String = "",
                      comment: String) -> String
```

To get localized formatted string:

```
String.localizedStringWithFormat(format: NSString, args: CVarArgType...)
```

Together:

```
String.localizedStringWithFormat(NSLocalizedString("%@ %d", comment:...), ...)
```

Auto Layout

A screenshot of a macOS-style dialog box titled "Calendar Info". The dialog has a light gray background and a title bar with three colored window control buttons (red, yellow, gray) on the left. Inside the dialog, on the left side, is an icon of a calendar page with two pens resting on it. To the right of the icon, the text "New Calendar in 'iCloud'" is displayed in bold. Below this, there are two input fields: a "Name:" field containing the text "Hello World" and a larger "Description:" field which is currently empty. Below the description field is a checked checkbox labeled "Ignore alerts". At the bottom of the dialog, there are three buttons: "Publish..." on the left, "Cancel" in the center, and "OK" on the right. The "OK" button is highlighted with a blue gradient.

Calendar Info

New Calendar in "iCloud"

Name: Hello World
